2017 minimus **RED WINE** willamette valley

We're not convinced that Pinot Noir is the only answer for Willamette Valley red wine-but perhaps a component of a blend. This blend brings together Gamay and Pinot with a touch of Chardonnay to take Willamette Valley wine to new heights. It has elements of all the things we love about red wine in the Willamette; savory, earthy notes mingle with bright red fruit and a lingering acidity.

ALC.	13.0%
pH.	3.51
