# 2016 minimus RED WINE willamette valley

It's Willamette Valley red wine - no, it's not Pinot. Composed of Cabernet Franc, Mondeuse and Gamay Noir, we can't get enough of this blend that balances savory elements with bright fruit and spice. As we continue to explore the potential of new varieties suited for this region, we are studying grapes not only as single cultivars, but as components of blends. We believe a variety does not have to be bottled on its own in order to obtain nobility in a region.

ALC.	12.7%
PH.	3.69
