

NV minimus

Helix Chardonnay

Johan Vineyard

Van Duzer corridor AVA

This wine comes from the warm vintages of 2016 and 2018, incorporating two different heirloom clones of chardonnay, aged in second-fill and neutral French oak barriques. Old Wente provides acidity, while Espiguetta offers its intriguing aroma. The additional time on lees builds structure and depth. The result is a rich, complex and generously aromatic wine with salinity and plenty of texture.
